

HAPL Teen Advisory Board Reaches 500 Summer Volunteer Hours!

Shortly before the school year began, the *Hudson Area Public Library* Teen Advisory Board; known as TAB reached 500 volunteer hours throughout the summer.

What does TAB do?

They are a group dedicated to helping the library. They have meetings twice a month to discuss changes that can be made at the library. They also help with various library events, including but not limited to; the TAB carnival, reptile parties, various craft-related classes, and decorating the library for holidays.

What does this mean for TAB?

Due to a their effort of a combined **500 hours** of hard work to help the library, they got to have an after hours party on **Friday, August 26th** to celebrate their past and continued effort to help the community.

“I wish every community had a group like this”

-*Emilia Reynolds*, director of TAB
